#### Intro

## Good to know

OmniRoom is a modular room-in-room system for building flexible and comfortable office spaces.

With its prefabricated modules and a wide selection of dedicated furniture, the system offers countless options for arrangement. Yet, to make designing easier and to inspire you, we created dozens fully equipped, ready-to-use Rooms. They are all designed by experienced architects and based on actual floor plans to ensure optimal ergonomics. Still, you can customize every Room to fit your needs and vision.

Intro

## Functions

Our selection of Rooms represents 4 main office functions: Work, Meet, Lounge, and Support. Each Room can be placed separately or combined with others to create multifunctional work hubs. The patented Click-in System makes assembly easy and quick.

## Work

13 ready-to-use workstations for sitting and standing; personal spaces or hot desks

## Meet

14 ready-to-use meeting spaces with wall-mounted shelves and cabinets

## Lounge

9 configurations for chill out areas that prioritize comfort and relaxation

## Support

7 complementary rooms, essential to office management, incl. cloakroom and copy point
